Charles University, Prague – Czech Republic, Faculty of Physical Education and Sport

The lifelong education is an important part of educational activity at Charles University (UK) and also on Faculty of Physical Education and Sport (FTVS). It is integral component of study programs. UK FTVS focuses on education of professionals and volunteers at branches: physical training and sport, even some special sport field, P.E. teachers, physiotherapy, sport and physical training field management. Presently teachers and scientists at UK FTVS work hard on innovation of existing compact framework lifelong education and they develop its format. The aim of this effort is better transmittance of new framework and flexibility. UK FTVS has made effort in permanent innovation of courses and also in reflecting of present knowledge and successful participants who can always find a job at labor market. Creating the new programs is based on detail analyzes of labor market and educational needs of workers at sport area.

Newly developed framework is dedicated to wide target group: UK FTVS graduates and graduates of others P.E. faculties, experienced non-graduated people, volunteers and seniors. Special attention is focused on license courses for coaches (Coach's school). Trainers of particular sport branches can gain the highest coach certificate license when they regularly educate themselves. The certificate enables to obtain Trade Certificate. High level of education confirms reality that UK FTVS or Coach's school has graduated the most successful coaches. For example Track and Field coach Pospisil, who prepared world record holder and 3rd Olympic winner in javelin Jan Zelezny or British athletes Steve Backley and Jonathan Edwards or successful ice hockey coaches Slavomir Lener, Ludek Bukac or Vladimir Ruzicka). UK FTVS provides programs of next education for P.E. teachers. We constantly increase short courses for public and we supply more than thirty kinds of courses from one day course to two years courses. The students are encouraged to specialise in one of the following areas:

- Coaching
- Teaching P.E.
- Sport Instructor
- Fitness Specialist

Most of lifelong education courses has credit letter from National Department of Education and Sport. At final examination participant can pass the certificate exam which enables them to enterprise at sport service area.
